CAREER OBJECTIVE

Engineering student specializing in Artificial Intelligence and Machine Learning with strong foundations in Java, Python, SQL, and application development. Seeking a Software Engineer opportunity to contribute to innovative technology solutions while leveraging my skills in programming, problem-solving, database management, and collaborative teamwork.

EDUCATION

Bachelor of Technology | 2023-2027 (PURSUING)

BANNARI AMMAN INSTITUTE OF TECHNOLOGY

B.Tech Artificial Intelligence and Machine Learning - CGPA - 7.85

Schooling | 2021 - 2023

STANES ANGLO INDIAN HIGHER SECONDARY SCHOOL

Bio - Maths - 85.5%

TECHNICAL SKILLS

- Programming Languages: Java, Python, C, SQL
- Web Technologies: HTML, CSS, JavaScript
- Frameworks & Libraries : React, Node.js
- Tools & Platforms: GitHub, VS Code, Postman

PROJECTS

Image Authenticity & Blur Detection

- Developed a machine learning model to detect image manipulation and blur levels.
- Performed data preprocessing, feature extraction, and model training using Python and Scikit-learn.
- Evaluated model performance using validation metrics to improve detection accuracy.

Sentiment Analysis Website

- Built a machine learning-based web application to classify feedback as Positive, Negative, or Neutral.
- Applied NLP preprocessing techniques and trained models for text classification.
- Integrated frontend and backend components to provide real-time prediction results.

Intelligent Student Feedback Analyzer

- Developed a web-based platform to collect and analyze student feedback using sentiment analysis techniques.
- Implemented secure faculty authentication and role-based access for feedback management.
- Integrated dashboards, graphs, and pie charts to visualize feedback trends and insights.

INTERNSHIP EXPERIENCE

Elevate Labs | Online(45 Days)

AI & ML Intern:

- Developed machine learning models using Python, TensorFlow, Keras, and Scikit-learn
- Performed data preprocessing, feature engineering, and model evaluation
- Designed structured workflows for data validation and accuracy improvement
